MEMORANDUM FOR THE RECORD

SUBJECT: Concurrence in Amendment No. 2 to Letter Contract No. EN-95
with Eastman-Kodak Company - [REDACTED]

25X1A

1. Letter Contract No. EN-95 was approved by the Director of Central Intelligence on 21 June 1955. It obligated \$100,000 for engineering and technical services to be furnished by Eastman-Kodak Company in connection with the design of certain equipment under Project [REDACTED]

2. Amendment No. 1 did not obligate any additional funds but amplified in greater detail the services which were desired under this contract.

3. This Amendment No. 2 adds \$30,000 additional to this contract, making a total of \$130,000 obligated thereunder. This \$30,000 is for engineering studies and designs of photographic data recording equipment associated with the side-looking radar equipment being developed under Contract No. FL-3011 with Westinghouse.

4. The funds obligated under this Amendment No. 2 will be charged to FY 1956 funds, appropriation 21X6889.
